

# Cloud Computing Services

In today's challenging business environment, it is imperative that IT leaders find solutions that can help with lowering capital expenses, driving cost down and yet improve IT effectiveness. Cloud computing represents an incredible business opportunity. Savvy IT leaders are turning to the "cloud" to solve of their IT complexities. This complexity drives up cost and lowers productivity, seriously impacts business competitiveness.

The cloud offers opportunities to leverage new productivity-enhancing applications quickly, lower ownership costs by moving CapX to OpX, manage operational risk, and better allocate internal IT resources. ISHIR can help you Navigate through the Cloud Hype.

## Services

With more than 14 years of experience in IT outsourcing and innovation, ISHIR understands how to assess your needs, from both a business and technological perspective. ISHIR offers an array of services through its Cost Optimization practices that will help you assess, optimize, and consolidate your IT resources. You will then be able to make the move through a realistic assessment to see how Cloud Computing System can meet your requirements for today, tomorrow, and beyond. Our services include:

Cloud

## About ISHIR

ISHIR is a global diversified outsourced IT services company and we make outsourcing successful for our clients.

We assist our clients to achieve their business objectives by successfully outsourcing their non-core business processes and functions in the areas of technology and digital marketing.

We have been part of the outsourcing industry since 1999 and have successfully implemented strategic offshore programs in the areas of custom software development, software product development, casino game development and outsourced digital marketing production services to India. ISHIR has been servicing clients thousands of miles away, maturing into a core dependable extension of a client's internal team.

ISHIR has extensive experience in providing outsourcing of non-core business processes - **IT functions** (Custom Software Development, Software maintenance, SharePoint consulting and development, mobile app development, software testing, Remote Managed IT services, Cloud and Software Virtualization solutions), Interactive (web design and development, game development), Managed Web Hosting, setting up Built Operate Transfer (BOT), specialized R&D facilities, and **non-IT functions** (Digital Marketing (Search Engine Optimization, Paid Search, Display and Social Media marketing services) Business Process Outsourcing (Data Entry, Data Cleansing, Lead Generation, Research, Photo Editing, Online Customer Support, Finance)).

We have vast experience in offshore outsourcing and have matured into a dependable outsourcing partner providing substantial value and savings to our clients, often exceeding up to 65 percent. We leverage our people, processes and effective use of technology to catapult our clients to achieve their business potential.
